

Accounting for Cleaners

PFG ACCOUNTANTS & ADVISORS FORWARD THINKING BUSINESS GROWTH EXPERTS

“Over the past decade we have mentored dozens of cleaners, contract cleaners and franchisees through the various stages of their business life cycle. We offer you experience, technical tax knowledge and an intimate understanding of your industry.”

Manel Darwiche—Principal

Cleaning can be a dirty business. Apart from the physical demands of the job you also need to contend with irregular hours, occupational health and safety issues and in some cases, casual staff. Here at PFG Accountants & Advisors we understand the cleaning game. Apart from the usual small business compliance issues of GST, BAS, PAYG and superannuation, we assist cleaners with their software selection, prepare quotes, invoices and manage their payroll and sub-contractors. If you're in the domestic or commercial cleaning market we can help you with pricing and benchmark your business against industry standards so you know what is working in your business and what areas still need working on.

Thinking of Starting a Cleaning Business?

As a business start-up specialist we offer you a comprehensive range of business services and have also developed a number of practical tools to help you make the right opening moves. Our start up expense checklist will help you identify all your potential establishment costs including equipment, IT expenses and marketing costs. These figures then automatically feed into a cash flow budget template and let us produce a profit and loss forecast for your first year of trading.

Accounting for Cleaners

"We are so much more than just tax Accountants. We are business and profit builders who genuinely care about your business success. We service the needs of a number of cleaners and offer you strategies to grow your business, your profits and your wealth. If you're looking to get your cleaning business off to a flying start or want to 'polish' your existing business, contact us today. "
