

Accounting for Plastic & Cosmetic Surgeons

PFG ACCOUNTANTS & ADVISORS FORWARD THINKING BUSINESS GROWTH EXPERTS

"We recognise the fact that life as a cosmetic or plastic surgeon is very demanding. Dealing with people and their self esteem can be extremely stressful and the operating theatre is a pressure cooker environment."

Manel Daruiche - Principal

Over the past decade, we have mentored many medical specialists, cosmetic and plastic surgeons through the various stages of their business life cycle from start up right through to succession and sale.

We understand the cosmetic surgery profession and recognise that it's more than just rhinoplasty and breast implants. Early morning procedures followed by consultations then patient rounds in the evening plus reading and research take their toll. As with all procedures, there is always risk, as well as the emotional impact of consultations for post-cancer and other trauma reconstructive surgeries, you must be prepared for all types of consultations. From a business perspective, we recognise the importance of the right business structure, adequate insurances, the right accounting software and strategies to protect your assets.

If you're starting out as a plastic or cosmetic surgeon there are numerous issues to consider and as business start-up specialists we can help you with everything from your branding to your business structure, site selection, commercial lease, corporate brochure, business plan and cash flow budget. One of our biggest points of difference compared to traditional accounting firms is our marketing expertise. In fact, we believe marketing could be the difference between gloom and boom for most small business owners and we can assist you with your branding, website design and construction and even help you with the production of your videos and social media campaigns. You'll find we are not your average firm of accountants who just 'keep the score' and our mission is to help you accelerate your business and financial success.

Accounting for Plastic & Cosmetic Surgeons

"We are so much more than just tax Accountants. We offer you strategies to grow your business, your profits and your wealth. Over the past decade plastic and cosmetic surgeons have become a real niche within our accounting firm and if you're looking to get the right advice when starting, buying or developing your medical practice call us today on (02) 9791 1779."

Manel Darwiche

Here at PFG Accountants & Advisors we are different to most accounting firms because we view the tax return as the start of the client process, not the end. We want to help you minimise the time and cost associated with bookkeeping and tax 'compliance' work so together we can spend more time working ON your business and your marketing.

We are advocates for cloud accounting solutions and ultimately our mission is to help you fast track your business success with a range of tailored accounting, financial, tax and marketing solutions including:

- Start-Up Business Advice for Medical Specialists & Surgeons
- Advice and Establishment of Your Business and Tax Structure
- Advice & Assistance with the Purchase or Sale of your Business
